<https://doi.org/10.1186/s12936-020-03416-0>

Following publication of the original article [1], it came to the authors' attention that incorrect data had been provided for Table 3. Namely, the 2nd (now 'Irrigated', but previously 'Command 5') to the 7th (now 'Wet season',

but previously 'Sefera Tabiya') rows all contained incorrect data. The table has now been corrected in the published article and the corrected table can be seen in this erratum. The authors thank you for reading this correction and apologize for any inconvenience caused.

The original article can be found online at <https://doi.org/10.1186/s12936-020-03416-0>.
